FOREWORD

Keeping in view with the guidelines given by the National Disabled Policy and University Grants Commission, our Institution treats people with disabilities as valuable human resources.

This policy has been designed to safeguard their rights, provide them an atmosphere with equity-based opportunities, help them become independent and sensitize all others to treat them at par so that they can fully participate without any inferiority feeling in society. The college aims at creating and developing special education activities, a barrier-free environment, and an infrastructure that empowers differently - abled persons.

We believe in creating an inclusive environment on the campus for the differently - abled students. We follow all the rules regarding admission/free ship/scholarship and any other facility provided by the State Government. We stay committed to the interests of the differently-abled students, and will not tolerate any discrimination or exploitation, rather; we make collective efforts to alter the infrastructure for increasing their mobility and accessibility and by creating a disabled-friendly culture in the Institution.

I extend my full support and co-operation to the differently - abled resources of our fraternity.

Dr. Suresh T. Silawat
Principal
