SKILL DEVELOPMENT ACTIVITY

S. No	Component/Activities	Details
1	Name of the Department / Unit / Agency:	Microbiology
2	Name of the Activity:	One Day Seminar on "Importance of Research in Modern Biology"
3	Name of the Scheme:	SEMINAR
4	Date and Year of the Activity:	15-Sep-2017
5	Number of Students Participated in the activity:	120
6	Report of the Activity (in 100 words):	<p>Biological Sciences is an exciting and rapidly developing subject area. The study of living things has undergone tremendous expansion in recent years, and topics such as cell biology, neuroscience, evolutionary biology and ecology are advancing rapidly. Biology and Biological Sciences involve the study of life.</p> <p>These wide-ranging subject studies living organisms, but allows you to choose topics of study depending on your interests. It contains life sciences, botany, zoology, biochemistry, biotechnology and microbiology. Providing excellent preparation for a variety of careers, the biological sciences is also involved in research. Research is the systematic investigation into and study of materials and sources in order to establish facts and reach new conclusions. The objective of this seminar is to provide students and scholars, a broader view of research in biological sciences.</p>
