3	Name of the Scheme:	one day national webinar
4	Date and Year of the Activity:	13 July-2021
5	Number of Students Participated in the activity:	73
6	Report of the Activity (in 100 words):	A one day national webinar was organized by the Department of Microbiology of Govt. Holkar Science College, Indore (M.P.) on the topic – COVID-19 and Black Fungus – Facts & Myths. In the backdrop of a havoc wrecked upon public in the form of deadly second wave of infections of the SARS CoV-II and the post-covid complications, the department of microbiology sought permission from the higher education, Bhopal, to organize an online event wherein the correct information on these deadly diseases would be shared by knowledgeable expert. The application was soon approved on the ground of its importance and broader cause for public awareness.

SARS-CoV-2

Common symptoms

- FEVER
- PNEUMONIA
- COUGH
- HEADACHE
- SINUSITIS
- DIARRHEA

Sample collection

- Nasal swab
- Throat swab
- Sputum
- Serum/plasma

Biomarkers for COVID-19

- IgM/IgG antibody
- Viral protein/antigen
- VIRAL RNA

Current diagnostics method

- RT-PCR**
 - Thermal cyclic-based
 - Amplification of nucleic acid
- RT-LAMP**
 - Ultra fast point-of-care diagnosis
 - One step amplification at 63-65 °C
 - High sensitive
- Microfluidics device**
 - Simultaneously diagnosis of IgG/IgM & antigen
 - Quick diagnosis with high sensitivity and specificity
- Serological diagnostics**
 - Quick diagnosis of SARS-CoV-2 IgM/IgG
 - Colorimetric readout with rapid detection (<20 min)
- Colorimetric strip**
 - Lateral flow immunoassay
 - Diagnosis of IgM/IgG antibodies/viral antigens
- CRISPR**
 - Rapid diagnosis with high specificity
 - Simple readout
- FET-based**
 - Quick diagnosis at femtomolar of SARS-CoV-2 spiked protein
- Electrochemical**
 - Quick diagnosis of viral antigens with low detection limit

3	Name of the Scheme:	one day national webinar
4	Date and Year of the Activity:	13 July-2021
5	Number of Students Participated in the activity:	73
6	Report of the Activity (in 100 words):	A one day national webinar was organized by the Department of Microbiology of Govt. Holkar Science College, Indore (M.P.) on the topic – COVID-19 and Black Fungus – Facts & Myths. In the backdrop of a havoc wrecked upon public in the form of deadly second wave of infections of the SARS CoV-II and the post-covid complications, the department of microbiology sought permission from the higher education, Bhopal, to organize an online event wherein the correct information on these deadly diseases would be shared by knowledgeable expert. The application was soon approved on the ground of its importance and broader cause for public awareness.

6	Report of the Activity: AIDS Day is observed on 1st December 2018. Our NSS units organised a programme on HIV/AIDS. A poster-making competition was organised for spreading awareness in this regard. The AIM of the programme was to help youngsters and people in society to know how to protect their health from dangerous disease like HIV/AIDS. This programme was done under the supervision of Dr Seemavati Sisodiya and Dr. Sandeep Kumar Gohar under the guidance of Dr.Arun Kher principal of the college. Impact of the Activity: The programme organized by the NSS units on World AIDS Day on 1st December 2018 had a significant impact in spreading awareness about HIV/AIDS among the college community and society. The poster-making competition served as a creative and engaging platform to convey crucial information about HIV/AIDS. By involving students in the competition, the programme successfully captured the attention of youngsters and other participants, making them more receptive to the awareness messages. The main aim of the programme was to educate people about how to protect their health from the dangerous disease of HIV/AIDS. By raising awareness on preventive measures, safe practices, and the importance of getting tested and seeking treatment, the initiative played a vital role in empowering individuals to take charge of their health and	

	well-being. The impact of the activity can be seen in the increased awareness about HIV/AIDS among college students and staff. Moreover, as these students interact with their families, friends, and communities, the knowledge they gained through the programme will likely spread, further increasing awareness and understanding about HIV/AIDS. Overall, the programme on World AIDS Day not only served as a means to raise awareness but also as a stepping stone towards breaking the stigma and misconceptions associated with HIV/AIDS. By initiating this dialogue, the NSS units contributed to fostering a more informed and compassionate society, which is crucial in combating the spread of the disease and supporting those affected by it.

3.7.1 MoU Report on Collaborative activities between
(Between Govt. Holkar (Autonomous Model) Science College, Indore)
&
(Bherulal Patidar Govt. P. G. college, MHOW)

REPORT OF ACTIVITY :

Participating in National Webinar on Advances in Nanotechnology: Impact on Society as an MoU partner.

Date: 04.09.2020

Introduction:

Bheru Lal Patidar Government PG College MHOW, in collaboration with the Department of Chemistry, Government Holkar Science College, organized a one-day national webinar centered around the theme "Science and Society." The specific focus of the webinar was "Advances in Nanotechnology: Impact on Society." This collaborative effort was a significant component of the Memorandum of Understanding (MOU) Initiative between the two esteemed institutions. Dr. Anamika Jain, Professor HoD, Department of Chemistry, Holkar Science College, was on the Advisory Board Panel among other MoU partners.

Webinar Theme: Advances in Nanotechnology - Impact on Society:

Nanoscience and nanotechnology have witnessed remarkable growth over the past decade, fueled by advances in synthesis techniques, refined imaging analysis tools, and increased research funding. The chosen theme underscored the substantial impact of nanotechnology on society. This field has the potential to revolutionize various sectors, but its implications – both positive and negative – warrant thoughtful consideration.

Webinar Insights and Outcomes:

The webinar served as a platform for insightful revelations. It highlighted that while nanotechnology indeed represents a groundbreaking revolution, it also carries a dual nature –

presenting opportunities and challenges. The webinar underscored the significance of responsible utilization of nanotechnology. The outcome was a thought-provoking revelation that nanotechnology is undeniably a boon, contingent on its wise and ethical application.

Fostering Social Responsibility:

The webinar facilitated a profound brainstorming session, uniting academicians, researchers, students, and stakeholders. Collectively, they analyzed the multifaceted impact of nanotechnology on society. This collaborative initiative led to a heightened sense of social responsibility among participants, sparking discussions on ethical, moral, and practical considerations.

Commendable Initiative:

Dr. Anamika Jain, Professor and Head of Govt. Holkar (Model Autonomous) Science College, Indore, played a pivotal role as a prominent member of the advisory committee, showcasing the dedicated commitment of the MOU partners. The collaborative efforts of the Department of Chemistry at Government Holkar Science College in orchestrating this impactful webinar are commendable. This initiative not only provided an enriching platform for engagement but also demonstrated a deep commitment to fostering meaningful dialogues among participants.

Beneficial Learning for All:

The webinar proved to be beneficial for all participants, particularly staff members. It facilitated an open exchange of ideas and perspectives, further enriching their understanding of the far-reaching effects of nanotechnology on society. The shared insights will undoubtedly contribute to informed decision-making and responsible action in the future.

Conclusion:

The success of the national webinar on "Advances in Nanotechnology: Impact on Society" reflects the dedication of Bheru Lal Patidar Government PG College Mhow and Government Holkar Science College to fostering meaningful discussions, promoting knowledge sharing, and inspiring social responsibility. This collaborative endeavor exemplifies the spirit of academic excellence and community engagement that both institutions uphold.

ONE DAY NATIONAL WEBINAR “अनुसंधान”

TOPIC : “Empowering the Research Incubation Initiatives through I-STEM: A leap towards Strengthening the Research Ecosystem”

[A quality Initiative by Department of Pharmaceutical Chemistry]
Under the UMBRELLA of IQAC &
In collaboration with WB-MPHEQP's “Academic Excellence” Initiative

DATE: 24.02.2021 (WEDNESDAY) & TIME: 02.30 PM

Prafulla Chandra Ray:

Icon of Science, pharma sector
His manifold achievements in the fields of scientific research, pharmaceuticals as well as entrepreneurship, earned him the sobriquet ‘Father of pharmaceuticals in India’

ABOUT OUR INSTITUTION:

Bherulal Patidar Govt. P. G. College, MHOW is situated in the picturesque foot hills of the Vindhayas in the Malwa Plateau. Established in 1958. It is catering to the rural background students since last 62 years and is the only center of Higher Education in the tehsil.

OUR MISSION :

We are committed to *facilitate meaningful education* for our students through:

- All-round development of the personality of the student and equip them with knowledge and the skills to face the challenges of the life boldly.
- Widening the horizon of the student with quality, value added, career oriented education.
- Inculcating human values of our rich cultural tradition.

OUR VISION :

- ❖ To have a transformation impact on student through comprehensive education by including qualities of *competence, confidence, excellence and holistic development* of students as responsible, mature and thoughtful citizen.
- ❖ To contribute constructively towards national goals by upholding the values of secularism, national integration and social commitment.

THEME OF THE WEBINAR :

‘One Nation One Research Web Portal’ is an unique national program Initiated by the Office of the Principal Scientific Adviser (PSA) to the GoI for facilitating resources to scientific community. Its ambitious project, the “*Indian Science Technology and Engineering facilities Map (I-STEM)*” : Linking Researchers and Resources, will hold the database of all the R&D facilities established in institutions around the country, and enable their sharing in a transparent manner. The IP protected Portal has been built by, and is managed by, Nanoscience Centre of Indian Institute of Science, Bengaluru.

Public & private academic institutions and Industries pan India will be able to share their R&D lab equipment as well as scientific products/equipment accessories. Also, It will help industry to access needed facilities from institutes through I-STEM for their R&D. This will enable start-ups to leverage public and private investment to pursue their innovative ideas, and come up with successful products and services.

I-STEM is also expected to enhance collaborative initiatives of academics, with better interaction between industry and the academia. The I-STEM project will also likely result in the creation of skilled manpower at various levels, enhancing job opportunities, and in the building of a better R&D ecosystem in the country, in public as well as private organizations..

OUTCOME:

The ultimate aim behind organising this powerful and enlightening webinar is to create awareness among the researchers of our nation and help them gain prior knowledge of i-STEM initiative by Govt. of India. This will lead to a greater R&D productivity, innovation especially among start-ups, resulting in growth of industry and the national economy.
