E-Notice for A Step towards Energy Literacy (A Positive Step towards Environment Conservation)

प्रिय विद्यार्थियों,

“जलवायु सुधार की दिशा में हमारी छोटी सी पहल - बदल सकती है दुनिया की शकल” 3-4 घंटे में ऊर्जा साक्षर बनें।

ऊर्जा हमारे सामाजिक और आर्थिक विकास की चालक है, जीवाश्म ऊर्जा के अत्यधिक उपयोग से जलवायु परिवर्तन निरन्तर हो रहा है, जिसके दुष्परिणामों से दुनिया के सभी देश प्रभावित हो रहे हैं। ऐसी परिस्थिति में जलवायु परिवर्तन के विषय में जन-जागृति लाने के लिये संयुक्त राष्ट्र संघ एसडीजी का सतत विकास का 13वां लक्ष्य है। इसी महत्वपूर्ण चिंतन को केन्द्रित कर ऊर्जा स्वराज फाउंडेशन द्वारा जलवायु सुधार की दिशा में ऊर्जा साक्षरता हेतु निःशुल्क प्रशिक्षण का पहला कदम बढ़ाया गया है। ऊर्जा साक्षरता प्रशिक्षण लोगों को ऊर्जा, इसके उत्पादन, खपत और अपव्यय को समझने में मदद करता है। यह कार्बन फुटप्रिंट और पर्यावरण पर इसके प्रभाव को समझने में भी सहायक है। इस एनर्जी स्वराज फाउंडेशन प्रमाणित प्रशिक्षण पाठ्यक्रम के माध्यम से हम, ऊर्जा के कम से कम उपयोग करने, कार्बन तटस्थ बनने, सौर ऊर्जा के बारे में गलत धारणाएं दूर करने और सौर ऊर्जा समाधान अपनाने के तरीके भी समझेंगे।

Solid Waste Management

IEC (Information Education Communication),
BCC (Behaviour Change Communication) and Capacity Building
in Solid Waste Management

With
MADHUSMITA SAMANTARAY
Odisha Administrative Service (I), JB
Executive Officer
Keonjhar Municipal Corporation, Odisha

Date: **Tuesday, August 02, 2022**
Time: **3:00-4:00 PM**
Platform: **Zoom**

The poster features a circular portrait of Dr. Madhusmita Samantaray on the left and an illustration of a green waste management truck and a recycling bin on the right, set against a city skyline background.

“When you refuse to reuse, it’s the Earth you abuse.”

The webinar was conducted on 02,08,2022 on the topic Solid Waste Management by Dr. Madhusmita Samantaray by IEC (Information Education Communication) and BCC (Behavior change communication), Odisha.

Students learned about the quote “There is no such thing as ‘away’ when we throw anything away, it must go somewhere”. She further explained the ‘THE WEALTH CENTRE’ model and ‘MICRO COMPOSING CENTRE’.

Many great processes of decomposition of wet and dry waste were explained with the pictures which were easy to understand.

However, it is easier said than alone. It requires equal participation from citizens. They had many challenges to overcome especially the behavior change, to spread awareness etc.

They used the following methodologies to overcome the challenges –

1. HOUSE TO HOUSE VISITS:
 - Face to face counselling booklets.
 - Group sessions and gathering
 - Posters
 - Educational aids etc.
2. COMMUNITY MOBILIZATION:
 - Discussion of key sanitation issues.
 - Road shows, nukkad nataks etc.
 - Mobilization of ambassadors.
3. MASS MEDIA & SOCIAL MEDIA CAMPAIGN:
 - Tv / radio programmes.
 - Human interest stories.
 - Creation of Buzz by social media.
4. OUTDOOR CAMPAIGN:
 - Use of printed IEC materials
 - Hoardings.
 - Billboards.
 - Exhibition and demonstration.

When all the methods also joint to work, they have to opt “naming and shaming”.

She shared the till date achievements, newspaper clippings and appreciation they received and ended with a quote by BE A JOHNSON: “Refuse what you do not need; reduce what you do need; reuse what you consume; recycle what you cannot refuse, reduce or reuse, and compost the rest.”

Mam u have mentioned antibiotic dairy in ur last slide so can u please explain it .

microvaton 2:47 PM

Krati bodhe I wanted to ask a question

Nandini Mishra 2:49 PM

Mam how antibiotic resistance work on omnicom virus?

anuja sharma 2:50 PM

its not relevant.

Yash Patidar 2:50 PM

Mam is it necessary to have more amount of antibiotic to reduce the infection ?

If not .. what will happen if we use only little amount of antibiotic .. does it will offer greater chance of antimicrobial resistance ?

Krati Dixit 2:52 PM

Now a days bacteria are becoming antibiotic resistant by mutating , so what extend we keep using antibiotics and how can we prevent antibiotic resistance.

Send a message to everyone

S. No	Component/Activities	Details
1	Name of the Department / Unit / Agency:	Microbiology
2	Name of the Activity:	One Day Seminar on "Importance of Research in Modern Biology"
3	Name of the Scheme:	SEMINAR
4	Date and Year of the Activity:	15-Sep-2017
5	Number of Students Participated in the activity:	120
6	Report of the Activity (in 100 words):	Biological Sciences is an exciting and rapidly developing subject area. The study of living things has undergone tremendous expansion in recent years, and topics such as cell biology, neuroscience, evolutionary biology and ecology are advancing rapidly. Biology and Biological Sciences involve the study of life. These wide-ranging subject studies living organisms, but allows you to choose topics of study depending on your interests. It contains life sciences, botany, zoology, biochemistry, biotechnology and microbiology. Providing excellent preparation for a variety of careers, the biological sciences is also involved in research. Research is the systematic investigation into and study of materials and sources in order to establish facts and reach new conclusions. The objective of this seminar is to provide students and scholars, a broader view of research in biological sciences.

5	Number of Students Participated in the activity:	113 Volunteers & 02 Programme officers
6	Report of the Activity: AIDS Day is observed on 1st December 2018. Our NSS units organised a programme on HIV/AIDS. A poster-making competition was organised for spreading awareness in this regard. The AIM of the programme was to help youngsters and people in society to know how to protect their health from dangerous disease like HIV/AIDS. This programme was done under the supervision of Dr Seemavati Sisodiya and Dr. Sandeep Kumar Gohar under the guidance of Dr.Arun Kher principal of the college. Impact of the Activity: The programme organized by the NSS units on World AIDS Day on 1st December 2018 had a significant impact in spreading awareness about HIV/AIDS among the college community and society. The poster-making competition served as a creative and engaging platform to convey crucial information about HIV/AIDS. By involving students in the competition, the programme successfully captured the attention of youngsters and other participants, making them more receptive to the awareness messages. The main aim of the programme was to educate people about how to protect their health from the dangerous disease of HIV/AIDS. By raising awareness on preventive measures, safe practices, and the importance of getting tested and seeking treatment, the initiative played a vital role in empowering individuals to take charge of their health and	

	well-being. The impact of the activity can be seen in the increased awareness about HIV/AIDS among college students and staff. Moreover, as these students interact with their families, friends, and communities, the knowledge they gained through the programme will likely spread, further increasing awareness and understanding about HIV/AIDS. Overall, the programme on World AIDS Day not only served as a means to raise awareness but also as a stepping stone towards breaking the stigma and misconceptions associated with HIV/AIDS. By initiating this dialogue, the NSS units contributed to fostering a more informed and compassionate society, which is crucial in combating the spread of the disease and supporting those affected by it.

Moreover these languages when teamed up with ethics, discipline and good values causes an overall positive revolution in a student's personality.

Followed by the above Dr. Anand Nighojkar, the keynote speaker explained that the scope of biosciences when combined with digital world becomes never ending. With the help of technology a student of bioscience can have a career in innumerable branches like nanotechnology, bioinformatics, biomimics, forensic science, biotechnology, agriculture, environmental biology, biosafety and many more. He said that greater a student delves deep into understanding the intricate details of this subject, the chances of excellence and success increases by many folds.

After the speech by Mr. Nighojkar, Mr. Gourav Agnihotri, the second keynote speaker of the day addressed the audience. He said that we all are globally connected, and this connection is a boon to the society in terms of its overall upliftment. Apart from professional development like business sense, decision making ability, academic growth it leads to development of several important life skills such as Critical thinking, problem solving, creativity, combating with stress etc. Therefore he gave thrust over the indispensability of technology in one's life. He and his team members conducted an e-Quiz called, Louis Pasteur Science quiz for all the graduate and undergraduate students of microbiology to which the students participated actively.

The programme was concluded by the VOTE OF THANKS which was proposed by Dr. Deepti Khare, Professor, and Department of Microbiology.

Date: 28th September, 2018

Report of one day seminar on

'Future prospects of biosciences with digital world'

A one day Seminar was organized by Department of Microbiology, Govt. Holkar Science College, Indore ^{in association with Digital 10 Media Pvt. Ltd.} on a topic of great significance in our country,

Digitization. The seminar aimed at enlightening the participants about the association of life science with digital world and how one can prosper by the use of technology in this field.

The programme was conducted by **Dr. Shweta Hardia**, Professor, and Department of Microbiology. The programme commenced after seeking blessings from Goddess of Knowledge- Maa Saraswati through Saraswati Vandana and lighting the divine lamp. The invited guests of honour were **Dr. Narendra Dhakad** (Vice Chancellor – Devi Ahilya Vishwavidyalaya- Indore), **Colonel Atul Mishra** including the keynote speakers of the seminar **Dr. Anand Nighojkar** (Principal- Maharaja Ranjit Singh College of Science and Technology- Indore) and **Mr. Gaurav Agnihotri** (Director – Digital 10 Media Pvt.Ltd.- Indore). The esteemed dignitaries were welcomed by **Dr. Rooplekha Vyas** (Principal – Govt. Holkar Science College) and **Dr. Sanjay Vyas** (HOD, Dept. of Microbiology)

Dr. Sanjay Vyas introduced the seminar to the audience. He elucidated the power of Biosciences and emphasized how the amalgamation of life sciences and technology can help a student to excel in their field. He highlighted the importance of E- Learning and called it a tool of overall academic development of a student. The programme continued with the motivating words of Dr. Rooplekha Vyas who made the students realize that Internet and Digitization are the greatest gifts of science to the mankind but best results and success could only be yielded if its constructive utilization is done. Continuing with the programme Dr. Narendra Dhakad, said that in order to succeed one must learn and comprehend 4 languages very well which are Hindi(National Language), English (a foreign language) , language of Computers and above all the language of Hard work.

SKILL DEVELOPMENT PROGRAM
2019-20

S. No	Component/Activities	Details
1	Name of the Department / Unit / Agency:	Department of Electronics
2	Name of the Activity:	Fundamental of Modern Electronics
3	Name of the Scheme:	Online Webinar
4	Date and Year of the Activity:	08/06/2020 to 10/06/2020
5	Number of Students Participated in the activity:	690
6	Report of the Activity: An online "Lecture Series on Fundamentals of Modern Electronics" was organised by the Govt. Holkar (Model, Autonomous) Science College's Department of Electronics. Academic and industry specialists shared their insights with faculty members and students over the course of three days. Participants watched a hands-on technology demonstration by Er. Sharad Sharma, the founder of the new firm Kiran Robotix, at the conclusion of this lecture series. A total of 690 participants from across the nation benefited from this programme. Dr. Suresh T. Silawat, principal of the institute's and AD, MPHED, launched the event, and Dr. Netram Kaurav served as the convenor. Impact of the Activity: Knowledge Enhancement: The lecture series provided valuable insights and knowledge to both faculty members and students. By having academic and industry specialists share their expertise, the participants had the opportunity to learn about the latest developments and trends in modern electronics. Hands-On Demonstration: The technology demonstration by Er. Sharad Sharma, the founder of Kiran Robotix, offered a hands-on experience, giving participants practical exposure to the concepts discussed during the lectures. This type of demonstration can enhance understanding and retention of the material. Industry-Academia Collaboration: The involvement of industry specialists in the lecture series promotes collaboration between academia and the industry. This linkage is crucial in bridging the gap between theoretical knowledge and practical applications in the field of electronics. Skill Development: Participants may have gained new skills and insights that are relevant to their academic and professional growth. Such skill development opportunities can enhance employability and future career prospects. Wider Reach: With a total of 690 participants from across the nation, the lecture series had a significant impact by reaching a large and diverse audience. This widespread	

	dissemination of knowledge and information can have a positive ripple effect in the electronics community. Networking Opportunities: The lecture series provided a platform for participants to interact with experts from the industry and academia. Networking opportunities like these can lead to potential collaborations, internships, or job opportunities in the future. Academic Reputation: Hosting such an event reflects positively on the college's academic reputation. It demonstrates the college's commitment to fostering learning opportunities beyond regular coursework and contributing to the advancement of knowledge in the field of electronics. Inspiration and Motivation: Participation in the lecture series, especially with experts sharing their insights, can be inspiring and motivating for students. Exposure to real-world applications and success stories can encourage them to pursue their interests and aspirations in the field of electronics. Promotion of Electronics Education: By organizing the lecture series, the Department of Electronics actively promotes and supports electronics education, encouraging more students to take an interest in the subject and potentially pursue careers in the field. Feedback and Continuous Improvement: The feedback received from participants can help the college and the department improve future lecture series and academic programs. Understanding participants' needs and preferences can lead to more effective and relevant events in the future. The "Lecture Series on Fundamentals of Modern Electronics" had a positive impact on knowledge dissemination, skill development, industry-academia collaboration. The event's success was evident by the significant number of participants from various parts of the nation, making it a valuable contribution to the field of electronics education.
